TESTIMONIALS

"GenSun Roofing gave me a very reasonable estimate for my job. Jim walked me through the process and the finished job was excellent. Their cleanup was immaculate. I'm totally satisfied with the total job. They also needed to remove and reinstall my solar panels, they also gave me the best estimate for this part of the job."

Teddy Louise, Christian Health Care Center, Fair Lawn

"What are terrific experience I've had with this company. I have not seen integrity like this in about 50 years where people genuinely care about you and the work that they're doing for your home. The job for my roof was completed in one day. There was so much work to be done and the cleanup was impeccable not one piece of debris was left behind that is mind-boggling because today I find people are not that neat after they work for you. Thank you Gen Sun You've made me feel honored again by the outstanding roof you put on my home. Thank you for the changes I've made along the way that you have done for me Without question. The price is unbeatable these days you can't find these numbers. The owner stayed with me through the entire process with any questions and stresses that I have had along the way. The secretary was there for me to help me. I was amazed because companies like this I find are far and very few. I find that after all these years the good Lord blessed me with a beautiful roof and I thank Him and Gen Sun. Much appreciated and grateful!

Thanks again Jim and Lynn!

Also new gutters Will be added soon"

Pastor Diana Romeo, Paterson

"Such an incredible business! People skills , great price, outstanding work and high quality materials. Workers on site went out of way to explain and show me what they were doing. Left the property better than when they found it ! I cannot recommend Gen Sun enough stars ! Best roofers you could ever find!

Ps thank you Tom and Sean for your constant communication the whole way!"

Coach Herb Glass, Brick

"They provided a fair price, were very professional, and did a good job."

Attorney Joe Sparacio, Marlboro

"This contractor was very helpful. He gave me confidence in choosing quality and color or materials. He was patient and answered all my questions. had no pressure on the schedule. He showed up on time. He was honest. His crew are hard working. They respect the owners land and are very professional."

Fadila Tawfik, Wyckoff Teachers aide

Dr Silverberg, Marlboro
